### **Bet Me** By Jennifer Crusie

Minerva Dobbs knows that happily-ever-after is a fairy tale, especially with a man who asked her to dinner to win a bet. Even if he is gorgeous and successful Calvin Morrisey. Cal knows commitment is impossible, especially with a woman as cranky as Min Dobbs. Even if she does wear great shoes, and keep him on his toes. When they say good-bye at the end of their evening, they cut their losses and agree never to see each other again.

But Fate has other plans, and it's not long before Min and Cal meet again. Soon, they're dealing with a jealous ex-boyfriend, Krispy Kreme donuts, a determined psychologist, chaos theory, a freakishly intelligent cat, Chicken Marsala, and more risky propositions than either of them ever dreamed of. Including the biggest gamble of all-true love.

*Bet Me* is the winner of a 2005 RITA Award.

## Editorial Review

Amazon.com Review

Setting: small city in Ohio

Thirty-three-year-old Minerva Dobbs is annoyed when her current boyfriend dumps her three weeks before her sisters' wedding. But she's downright furious a few moments later when she overhears her now "ex" boyfriend bet hunky Calvin Morrissey that he can't take her home and bed her. In fact, she's so angry at them both that she lets Cal take her to dinner and decides to string him along until after her sisters' wedding. Minerva pegs Cal as a handsome "used car salesman of seducers." Cal thinks Minerva is a "cranky, starving, risk-averse statistician." But Minerva's hormones keep whispering "this one," although she knows the gorgeous Cal isn't the man for her practical, white-cotton-bra, several-pounds-over-thin, self. And Cal is blindsided by the lust he feels for the voluptuous, sensual woman he glimpses behind Min's actuary exterior. While Cal and Min struggle to deal with their mutual distrust and attraction, their friends and families try their best to interfere and direct the progression of the unlikely romantic connection.

*Bet Me* is unabashedly, irrepressibly romantic. In the wacky, wonderful world of Min and Cal, author Jennifer Crusie leaves no humorous situation unexplored--no potential comedic cauldron left unstirred--no hysterically funny complication left undeveloped. The reader is treated to a seemingly mismatched hero and heroine who fling caution to the winds to explore their unexpected attraction. The sexual tension is hot, the dialogue witty and wickedly sarcastic, and the supporting cast of secondary characters hilarious. Like Min's favorite Krispy Kreme donuts, this novel is rich and sinfully delicious. Indulge. Enjoy. --Lois Faye Dyer

From Publishers Weekly

Minerva Dobbs's mother named her daughter after the Greek goddess. Yet Min, who's grown up to be a curvy woman who adores carbs, isn't quite a knockout beauty and, at 33, she shows no signs of getting married anytime soon. So when the dashing handsome (god-like, in fact) Calvin Morrissey enters Min's life and starts pouring on the charm, she's skeptical. As well she should be--it appears Cal has a \$10,000 bet with some of his drinking buddies that he can get Min into bed within a month. Statistics-loving Min knows about the bet and figures she can play Cal for a month, use him as a date for her sister's upcoming wedding and then dump him right before the month is up. Alas, destiny has different plans. As Min and Cal fall for each other, Crusie pulls out the pranks, repeatedly pushing the two together and then tearing them apart. A bubbly cast of characters alternately helps and hinders romance, including Cal's ex-girlfriend, a psychologist who studies relationships for a living; a matchmaking Italian chef; and Min's friend Liza, who'll stop at nothing to make sure Min doesn't wind up with the conniving Cal. It's all cutesy, corny, romantic fun, and Crusie (*Fast Women*; *Faking It*; etc.) has created a loveable character in Min. Although some readers will be sucked into Crusie's deliberate plot, others may cringe at its predictability. With multiple references to Chicken Marsala, Krispy Kreme donuts and Midwestern brats (a fine contrast to Min's compulsively thin-thinking mother), Crusie's latest should delight romance readers with a penchant for sinful foods.

Minerva Dobbs thought David Fisk might be the one she's been waiting for, until he dumps her three weeks before her sister Diana's wedding. Min soon realizes just how lucky she is to be rid of David when she overhears him at her favorite bar betting a handsome stranger, Calvin Morrissey, that Cal couldn't bed Min in a month. At first Min debates the idea of giving them both a piece of her mind, but then she remembers she still needs a date for the wedding. Why not use the all-too charming Cal just like he was going to use her,

and then dump him? Of course, Min never expected that Cal might turn out to be the "one." A sturdy statistician who thinks Elvis Presley is the only man worth waiting for discovers that fairy tales can come true if you are only willing to believe. *New York Times* best-selling Crusie maintains her winning streak in another wickedly witty, deliciously sexy contemporary romance. Finding exactly the right balance between cynicism and optimism, Crusie deftly blends snappy dialogue; quirky, irrepressible secondary characters; and two beautifully matched protagonists struggling against their romantic fate. *John Charles*
