**Dornier Do 335: The Luftwaffe's Fastest Piston-Engine Fighter (Classic)** By J. Richard Smith

The Dornier Do335 all-weather heavy fighter was the fastest piston-engine aircraft produced by Germany in World War II, capable of producing a maximum speed in excess of 750 km/h. This book contains a great deal of little-known and previously unpublished material and dispels many myths about this aircraft, which has been the subject of frequent erroneous assessments over the years. The authors' detailed text and numerous photos cover the Do335's planned development in various forms as a heavily armed day fighter, a night fighter, reconnaissance machien, destroyer/heavy fighter, and a trainer. This book is the result of many years of research and contains superb-quality photos on this remarkable and innovative aircraft.

### **Editorial Review**

#### **About the Author**

J. Richard Smith is undisputedly one of the world's foremost authorities on the history of the Luftwaffe. His works include the landmark publication Jet Planes of the Third Reich as well as Arado 234 Blitz, Luftwaffe Camouflage & Markings 1935-45, Me262 and numerous other leading aviation titles. He is a former specialist in the business training sector, having worked for a national telecommunications company.

A qualified architect, Eddie J. Creek has for many years worked in partnership with Richard Smith producing a wealth of the most historically accurate line drawings and color artwork so far published on aviation in the Third Reich. As a historian and enthusiast, he has been actively collecting documents and photographs relative to the history of the Luftwaffe for over 30 years. Creek resides in Crowborough, England.

### **Users Review**

#### **From reader reviews:**

##### **Bessie Morris:**
