Editorial Review

Review

"Very good skills builder for general practice. Strengths include good discussions on history, theory, ethics and values and poverty."

"(Students) have said that it is the first social work text that they have enjoyed reading. I consider that high praise and I agree with it. The entire book is neither dull nor mired in jargon. It is useful from start to finish."

"It is clear, precise and easy to read. The students like it very much."

About the Author

John Poulin is a Professor at Widener University's Center for Social Work Education, where he teaches generalist practice, research and policy practice courses. He is also the Executive Director of Social Work Consultation Services, a unique community-based field placement agency developed by the Center for Social Work Education in collaboration with the Chester Education Foundation. He is the former director of Widener's BSW program as well as former dean and director of its MSW program. His current research focuses on the helping process and the factors that contribute to trust-building in the helping relationship.

Users Review
