## Machiavelli, Hobbes, and the Formation of a Liberal Republicanism in England

By Vickie B. Sullivan

Certain English writers of the seventeenth and early eighteenth centuries, whom scholars often associate with classical republicanism, were not, in fact, hostile to liberalism. Indeed, these thinkers contributed to a synthesis of liberalism and modern republicanism. As this book argues, Marchamont Nedham, James Harrington, Henry Neville, Algernon Sidney, and John Trenchard and Thomas Gordon, the coauthors of a series of editorials entitled *Cato's Letters*, provide a synthesis that responds to the demands of both republicans and liberals by offering a politically engaged citizenry as well as the protection of individual rights. The book also reinterprets the writings of Machiavelli and Hobbes to show that each contributed in a fundamental way to the formation of this liberal republicanism.

### **Editorial Review**

#### **Review**

"A splendid book, well argued and carefully researched." P. Coby, Smith College, Choice

"Important and insightful...a valuable contribution to the study of early-modern political thought that extends beyond illuminating such seminal thinkers--itself an impressive feat--and goes further to provide a comprehensive account of the way in which a number of well-defined ideas and principles shaped the development of nascent liberal and republican theory in England." APSA Perspectives on Politics

"This is an important, original, scholarly, and powerfully argued book. Though its primary readership will probably be political scientists--and especially theorists--it also has much to tell scholars whose main interests are in early modern British--and, indeed, American--history."

H-Albion

"Sullivan's style is clear and uncluttered" - Conal Condren, University of New South Wales, Australia

"This is an important, original, scholarly, and powerfully argued book. Though its primary readership will probably be political scientists--and especially theorists--it also has much to tell scholars whose main interests are in early modern British--and, indeed, American--history." - Johann Sommerville, Department of History, University of Wisconsin, Madison, H-NET

### **Users Review**

#### **From reader reviews:**

##### **Trey Olivas:**

Nowadays reading books be than want or need but also become a life style. This reading practice give you lot of advantages. Advantages you got of course the knowledge the particular information inside the book that will improve your knowledge and information. The knowledge you get based on what kind of book you read, if you want have more knowledge just go with knowledge books but if you want sense happy read one along with theme for entertaining for instance comic or novel.
