Making Systems Safer: Proceedings of the Eighteenth Safety-Critical Systems Symposium, Bristol, UK, 9-11th February 2010 From Springer

Making Systems Safer contains the papers presented at the eighteenth annual Safety-critical Systems Symposium, held at Bristol, UK, in February 2010.

The Symposium is for engineers, managers and academics in the field of system safety, across all industry sectors, so the papers making up this volume offer a wide-ranging coverage of current safety topics, and a blend of academic research and industrial experience. They include both recent developments in the field and discussion of open issues that will shape future progress.

The first paper reflects a tutorial – on Formalization in Safety Cases – held on the first day of the Symposium. The subsequent 15 papers are presented under the headings of the Symposium's sessions: Perspectives on Systems Safety, Managing Safety-Related Projects, Transport Safety, Safety Standards, Safety Competencies and Safety Methods.

The book will be of interest to both academics and practitioners working in the safety-critical systems arena.

Editorial Review

From the Back Cover

Making Systems Safer contains the papers presented at the eighteenth annual Safety-critical Systems Symposium, held at Bristol, UK, in February 2010.

The Symposium is for engineers, managers and academics in the field of system safety, across all industry sectors, so the papers making up this volume offer a wide-ranging coverage of current safety topics, and a blend of academic research and industrial experience. They include both recent developments in the field and discussion of open issues that will shape future progress.

The first paper reflects a tutorial – on Formalization in Safety Cases – held on the first day of the Symposium. The subsequent 14 papers are presented under the headings of the Symposium's sessions: Perspectives on Systems Safety, Managing Safety-Related Projects, Transport Safety, Safety Standards, Safety Competencies and Safety Methods.

The book will be of interest to both academics and practitioners working in the safety-critical systems arena.

Users Review

From reader reviews:

Laura Wilson:

Within other case, little men and women like to read book Making Systems Safer: Proceedings of the Eighteenth Safety-Critical Systems Symposium, Bristol, UK, 9-11th February 2010. You can choose the best book if you appreciate reading a book. Providing we know about how is important any book Making Systems Safer: Proceedings of the Eighteenth Safety-Critical Systems Symposium, Bristol, UK, 9-11th February 2010. You can add expertise and of course you can around the world with a book. Absolutely right, due to the fact from book you can understand everything! From your country until finally foreign or abroad you will be known. About simple issue until wonderful thing you are able to know that.
