Percepliquis By Michael J. Sullivan

NOTE: If you have read Heir of Novron, do not buy this book as you already have it!!

?

It all comes down to this...The elves have crossed the Nidwalden and Novron's Heir must finally act.

"I saw a great journey. Ten upon the road, she who wears the light will lead the way. The road goes deep into the earth, and into despair. The voices of the dead guide your steps...Cold grips the world, death comes to all, and a choice is before you." -- Fan Irlanu, Tenkin Seer of Oudorro Village

Percepliquis is the final installment of the epic fantasy, *The Riyria Revelations*. In this saga that began with *The Crown Conspiracy*, two thieves caught in the wrong place at the right time were launched on a series of ever escalating adventures that have all lead to this moment. Three thousand years have passed and the time for Novron's heir to act has arrived.

***** NOMINEE in goodreads 2012 Reader Choice Awards for Fantasy *****

NOTE: Percepliquis is the final installment of the epic fantasy, *The Riyria Revelations* and is offered as a standalone (print and ebook) for those that started with the self-published books to finish their collections. If you already have *Heir of Novron*, there is no reason to purchase this book as it is already included as the second book of that Omnibus.

BOOKS IN THE RIYRIA REVELATIONS (Omnibus Editions)

- *Theft of Swords* (contains: *The Crown Conspiracy* & *Avempartha*)
- *Rise of Empire* (contains: *Nyphron Rising* & *The Emerald Storm*)
- *Heir of Novron* (contains: *Wintertide* & *Percepliquis*)

BOOKS IN THE RIYRIA CHRONICLES

- *The Crown Tower* (coming Aug 2013)
- *The Rose and the Thorn* (coming Sep 2013)

BOOKS OF THE RIYRIA REVELATIONS (Original 6-book format)

- The Crown Conspiracy (October 2008) - out of print
- Avempartha (April 2009) - out of print
- Nyphron Rising (October 2009) - out of print
- The Emerald Storm (April 2010) - out of print
- Wintertide (October 2010) - out of print
- Percepliquis (January 2012)

IMPORTANT NOTE!

This edition of *Percepliquis* is being released for readers of the original Ridan editions of *The Crown Conspiracy*. It does not include book 5, *Wintertide*. If you're reading the omnibus editions from Orbit, you should purchase *Heir of Novron* (which includes both *Wintertide* and *Percepliquis*).

Editorial Review

Review

"The Riyria Revelations a very entertaining and well executed traditional fantasy series that started light and improved markedly with every volume." -- Fantasy Book Critic

"I am very happy to report that PERCEPLIQUIS was even better than my expectations. It is an absolute triumph in every sense of the word." -- Iceberg Ink

"Percepliquis has everything. It's filled with drama, an epic quest, and adventure, plot twists and, perhaps most importantly, it's incredibly emotionally compelling." -- Bookworm Blues

I can't suggest these books enough. They are light-hearted yet deep. They are fast pace and involving. They remind me of old-school adventure fantasy and political spy thrillers. These are the quintessential fun summer-time reads that I find so enjoyable when the heat index rises and the days grow longer lending themselves to lots of reading by the pool. It's a heady mix, and I sincerely hope you give yourself a few hours to give them a try. --Jaime Chambers, Ruled By Books

The Riyria Revelations is a much needed return to fantasy's grassroots. For fans who miss the straightforward adventurous tales the stories that got a lot of us 35+ year-olds hooked on fantasy to begin with The Crown Conspiracy brings back that excitement. --Greg Hersom, Fantasy Literature

Sullivan succeeds with simplicity in his originally self-published epic fantasy debut. Hadrian Blackwater and Royce Melborn are a pair of thieves and mercenaries. They aren't mentioned in any prophecies or the lost heirs to anything; they're just criminals who happen to have hearts of gold. Going by the inexplicably pretentious shared name of "Riyria," they steal incriminating letters from a blackmailer, kidnap a young king to save his life, and protect a village menaced by a terrible monster. Along the way, they meet a clever princess, an unlucky monk, a 1,000-year-old wizard with no hands, and a naïve but heroic farm girl. There's even the beginning of a series story arc as the powerful Church of Nyphron secretly schemes to control the world. Hair-raising escapes, flashy sword fights, and faithful friendship complete the formula for good old-fashioned escapist fun. --Publisher's Weekly

From the Author

In October 2010, I released *Wintertide*, the fifth book of my *Riyria Revelations*. At the time I had been selling modestly well for a self-published author (1,000 books a month spread across 4 titles), and with the release of the fifth book, I saw a significant spike in sales. Thinking I had taken the series as far as I could, I thought the only way to achieve any "real success" was to attract the attention of a larger publisher. To be honest, I thought it would have taken six to eighteen months and by then *Percepliquis*, (the sixth and final book) would have already been released). Imagine my surprise when multiple publishers expressed an interest in just a few weeks and a pre-emptive bid was made by Orbit (fantasy imprint of big-six publisher Hachette Book Group).

Orbit had many convincing arguments for re-releasing the series as a trilogy (with two books in each omnibus edition). But this would be a problem for existing fans of the series. First, they would have to wait an additional 9 months for *Percepliquis*, but they would also have to re-buy the fifth book due the new bundle. There was not much that could be done about the delay, but fortunately Orbit was willing to do the extra work to release the book in its original format, so existing fans of the series could complete their

collections. A decision I was very pleased with, and proved to me that Orbit was the right choice for the series.

Unfortunately this had led to a bit of confusion. The only bad reviews I've received for *Percepliquis* (and *Heir of Novron*) is from people who bought both books. Despite mine and the publisher's efforts, some people were confused. For this I'm sorry...and hope you can return your duplicate books for a refund. To try to prevent others from making the same mistake let me try to clarify the issue.

- If you have read *Wintertide*, then you should purchase *Percepliquis* only. There is no need to buy *Heir of Novron* as you already have both books that it is comprised of.
- If you have read *The Emerald Storm*, then you should purchase *Heir of Novron* only. There is no need to buy *Percepliquis* as it is already contained in the larger *Heir of Novron* book.
- If you have read *The Rise of Empire*, then you should purchase *Heir of Novron* only. There is no need to buy *Percepliquis* as it is already contained in the larger *Heir of Novron* book.

Again, I'm sorry for any confusion on the part of readers for putting this book out two different ways. It was not, as some have suggested, some ploy by myself or the publisher to get more sales. What we were trying to do is provide existing fans a way to complete their series. And once again I'd like to thank Orbit for the time and effort to they took to put the books out two different ways.

EDIT: 11/14/2012: I'm pleased to announce that *Percepliquis* was selected as one of 15 books published in 2012 for goodreads Reader Choice Awards. Here is what the organizers of the award had to say:

"Instead of consulting publishing experts or a judging panel, we look to readers to find the best books of the year. We analyze statistics from the 170 million books added, rated, and reviewed on the site in 2012 and nominate based on a book's number of ratings and average rating. So a nomination is truly an honor because it comes straight from the readers!"

It is indeed an honor to be sharing the ranks of industry staples such as Terry Brooks, Terry Goodkind, Stephen King, Brent Weeks, Joe Abercrombie, Robin Hobb, Brandon Sanderson, and many more. I'm also impressed to be included with such quality newcomers as Mark Lawrence and Saladin Ahmed. No matter the outcome...I consider myself a winner just for having my "little book" plugged from the ranks of so many exceptional offerings.

About the Author

Michael J. Sullivan has been successfully published in all three publication paths: small press, self-published, and traditional (big-six). His debut series, *The Riyria Revelations* has sold 70,000 copies when self-published and combined with his traditionally published sales is now over 265,000 as of mid 2013. The series has also been translated to thirteen foreign languages including: German, Dutch, French, and Japanese.

Michael's work has been well received by critics and readers alike, earning him hundreds of positive reviews, and more than 50 "best of" or "most anticipated" list mentions. He has attributed much of his success to the fantasy book blogging community. Dubbed "the little indie that could" he found his books pitted as the only independent in major competitions such as the 2010 goodreads Choice Award Nominee for Fantasy and the 2009 Book Spot Central's Fantasy Tournament of Books, which he won. As a traditionally published author he was named to both Library Journal and Barnes and Noble's Blog Best Fantasy of 2011 lists. In 2013 his debut novel *Theft of Swords* was a finalist for the Audies for best fantasy audiobook.

Michael is currently about 80% completed with the first book in a new series: Rhune: The First Empire. As

with Riyria Revelations, he plans on writing all three books before releasing any of them. Michael has a number of books slated for release including:

- The Crown Tower: book #1 of The Riyria Chronicles (released by Orbit Aug 6, 2013)
- The Rose and the Thorn: book #2 of The Riyria Chronicles (released by Orbit Sep 17, 2013).
- Hollow World (releasing January 20, 2014)

In addition Michal has short stories in the following anthologies:

- *Burning Alexandria in The End Anthology*
- *Traditions in Triumph Over Tragedy*
- *The Jester in Unfettered*
- *Autumn Mists in The Fantasy Faction Anthology* (release date to be determined)

Users Review

From reader reviews:

Francis Garcia:

Inside other case, little men and women like to read book Percepliquis. You can choose the best book if you want reading a book. Providing we know about how is important some sort of book Percepliquis. You can add information and of course you can around the world by just a book. Absolutely right, simply because from book you can know everything! From your country right up until foreign or abroad you will be known. About simple matter until wonderful thing you are able to know that. In this era, you can open a book or perhaps searching by internet gadget. It is called e-book. You can utilize it when you feel weary to go to the library. Let's read.

Orville Norman:

Here thing why this particular Percepliquis are different and reputable to be yours. First of all examining a book is good nonetheless it depends in the content of the usb ports which is the content is as delightful as food or not. Percepliquis giving you information deeper since different ways, you can find any publication out there but there is no guide that similar with Percepliquis. It gives you thrill studying journey, its open up your current eyes about the thing this happened in the world which is possibly can be happened around you. It is easy to bring everywhere like in recreation area, café, or even in your way home by train. Should you be having difficulties in bringing the published book maybe the form of Percepliquis in e-book can be your option.

Sondra Spencer:

The book Percepliquis has a lot of information on it. So when you read this book you can get a lot of help. The book was written by the very famous author. This articles author makes some research previous to write this book. This specific book very easy to read you will get the point easily after scanning this book.

Judy Brewer:

The reason? Because this Percepliquis is an unordinary book that the inside of the e-book waiting for you to snap it but latter it will shock you with the secret this inside. Reading this book next to it was fantastic author who write the book in such wonderful way makes the content on the inside easier to understand, entertaining way but still convey the meaning entirely. So , it is good for you because of not hesitating having this any longer or you going to regret it. This phenomenal book will give you a lot of advantages than the other book have such as help improving your ability and your critical thinking means. So , still want to hold off having that book? If I have been you I will go to the book store hurriedly.
