Evangeline Ames has rented a country cottage far from the London streets where she was recently attacked. Fascinated by the paranormal energy of nearby Crystal Gardens, she finds pleasure in sneaking past the wall to explore the grounds. And when her life is threatened again, she instinctively goes to the gardens for safety.

Lucas Sebastian has never been one to ignore a lady in danger, even if she is trespassing on his property. Quickly disposing of her would-be assassin, he insists they keep the matter private. There are rumors enough already, about treasure buried under his garden and occult botanical experiments performed by his uncle—who died of mysterious causes. With Evangeline’s skill for detection, and Lucas’s sense of the criminal mind, they soon discover that they have a common enemy. And as the energy emanating from Crystal Gardens intensifies, they realize that to survive they must unearth what has been buried for too long.

### Editorial Review

**\*Starred Review\*** It is the second time in the last two weeks that someone tried to kill Evangeline Ames. Fortunately, when she hears someone breaking into Fern Cottage, she has enough time to escape through her bedroom window, and she immediately heads for Crystal Gardens. Evangeline had already done some “exploring” at the abandoned estate, and her plan is to lose her assailant in the gardens surrounding the house. What Evangeline hasn’t planned on was running into Lucas Sebastian, the new owner of Crystal Gardens. Nor does she realize that he will prove to be far more dangerous to Evangeline’s plans for a quiet rest in the country than any mysterious intruder. Crystal Gardens, the latest danger-rich, paranormal-spiced historical romance from best-selling Quick (*Burning Lamp*, 2010), is an absolute delight. From the entertaining battle of wits between the story’s intriguing heroine and mysterious hero to the botanically inspired plot and its deliciously gothic setting, all the literary components add up to a romance worth savoring. --John Charles
