Impostor (Slide) By Jill Hathaway

Fans of Cynthia Hand and Sophie Jordan will love *Impostor*, the sequel to Jill Hathaway's psychological thriller *Slide*, which *Publishers Weekly* hailed as "an emotionally taut mystery with depth" in a starred review.

Vee Bell's gift (or curse) of "sliding"—slipping into the mind of another person and experiencing life, briefly, through his or her eyes—has been somewhat under control since she unwillingly witnessed the horrific deaths of her classmates six months ago. But when Vee finds herself in strange situations with no memory of getting there, she begins to suspect that someone else she knows has the ability to slide—and is using Vee to exact revenge.

With its gripping action and suspense, exceptionally drawn characters, and sizzling romance, *Impostor* is a fresh and captivating read.

Editorial Review

From School Library Journal

Gr 10 Up-In this sequel to *Slide* (HarperCollins, 2012), Vee Bell, who is able to "slide" into the minds of others, is trying to recover from the death of her first boyfriend. Only Rollins, her best friend and potential love interest, knows about her special ability. Then something odd begins to happen: what she first thinks are just vivid dreams are anything but-someone is sliding into her and controlling her actions. Then two potential suspects enter her life: her Aunt Lydia, a replica of Vee's deceased mother whom the teen has oddly never met, and Diane, an older woman who suspiciously manages to show up just when Vee needs help. The situation becomes more dangerous when her mind is hijacked during a prank meant to teach a bully a lesson (which goes terribly wrong). Vee wants to turn to Rollins, but is stopped by jealousy over his new friendship with an attractive classmate. The resolutions to Vee's dilemmas are satisfactory, but leave readers wanting to know more about sliding. Fans of Lisa McMann's "Wake" series (S & S) will enjoy this evenly paced paranormal mystery. Like the first book, *Imposter* addresses themes that adolescents can relate to: insecurity, trust, betrayal, and revenge. Romantics will also appreciate the roller-coaster relationship between Vee and Rollins. The language and mature situations make this series more appropriate for older teens.-Sherry J. Mills, Hazelwood East High School, St. Louis, MO(c) Copyright 2013. Library Journals LLC, a wholly owned subsidiary of Media Source, Inc. No redistribution permitted.

Six months after the events of *Slide* (2012), Vee Bell is still traumatized by nightmares, constantly reliving the night she was almost killed. Her ability to slide into the consciousness of other people remains strong, but she seems to be gaining some control over her powers. However, new dangers threaten her fragile stability. Her mother's long-lost sister appears out of the blue, claiming reconciliation, but Vee doubts her motives. More menacingly, Vee suspects that someone is sliding into her own consciousness and using her to do terrible things. Despite the supernatural setup, the story at its heart plays with real-world elements: the decision whether to turn friendship into love; a prank gone horribly wrong, which requires a cover-up and family secrets. Red herrings abound, and the ending is not as sinister as the buildup implies. Fans of the first book will be happy for this continuation of Vee's story, while new readers will want to start at the beginning so they can fully appreciate her journey. Grades 8-12. --Kara Dean

Review

"Hits the right buttons for mystery lovers." (Kirkus Reviews)

"Fans of the first book will be happy for this continuation of Vee's story. New readers will want to start at the beginning so they can fully appreciate the journey that led Vee to where she is now." (Booklist)
