The Rivan Codex: Ancient Texts of THE BELGARIAD and THE MALLOREON (The Belgariad & The Malloreon) By David Eddings, Leigh Eddings

Join David and Leigh Eddings on a fascinating behind-the-scenes tour of the extensive background materials they compiled before beginning the masterpiece of epic fantasy unforgettably set down in The Belgariad and The Malloreon and their two companion volumes, Belgarath the Sorcerer and Polgara the Sorceress.

Our tour stretches from the wealthy Empire of Tolnedra to the remote Isle of the Winds, from the mysterious mountains of Ulgoland to the forbidding reaches of darkest Malloreon. Along the way, you will meet old friends and enemies alike. Rare volumes will be opened to your eyes. Sacred holy books in which you may read the secrets of the Gods themselves and of their prophets. Scholarly histories of the rise and fall of empires from the Imperial Library at Tol Honeth. The profound mysteries of the Malloreon Gospels. THE RIVAN CODEX will enrich your understanding of all that has gone before . . . and whet your appetite for more spectacular adventures from this talented team.

From the Paperback edition.

Editorial Review

Amazon.com Review

So you want to write a multivolume, bestselling epic fantasy? Here's the book to help you. *The Rivan Codex* was published to answer the many letters David and Leigh Eddings have received from students, teachers, and aspiring writers. It's a companion to the 12-book fantasy series comprised of The Belgariad (five books), The Malloreon (five books), *Belgarath the Sorcerer* and *Polgara the Sorceress*. In David Eddings's words, *The Rivan Codex* "may give the student of our genre some insights into the creative process--something on the order of 'connect wire A to wire B. Warning! Do not connect wire A to wire C, because that will cause the whole thing to blow up in your face.' This is a collection of the groundwork David and Leigh Eddings laid for the Belgariad and Malloreon series. On this firm foundation they imagined and built their world in book after book.

There's a fascinating introduction, a personal history of Belgarath the sorcerer, Holy Books, Gospels, Histories, King Anheg's diary, and an afterword. Footnotes tell how the authors used and changed these materials in writing the books. And of course, there are plenty of maps (the starting point for all epic fantasies). --*Nona Vero*

From Publishers Weekly

Though full of treasures, this farewell to the world of the authors' bestselling Belgariad and Mallorean sagas is rather a mixed bag. The book contains an autobiographical foreword, explaining the roots of the double saga in David Eddings's reading of medieval epics, the editorial influence of the late Lester del Rey, the longstanding but only recently acknowledged role of the author's wife as "unindicted collaborator" and the perils of writing high fantasy in general. The volume then presents a variety of well-crafted pseudobiblia, such as Belgarath's autobiography and many of the Holy Books. It goes on to the historical, economic and ethnographic background of the major nations of the sagas. There are many other pieces that reflect well on the Eddingses' world-building skillsAas if the novels themselves had not already demonstrated their craft. This book may be unintelligible to those who are not Eddings fans, but it will be irresistible to those who are. It is also of some scholarly interest in revealing the roots of one of the founding megasagas in modern English-language fantasy. Science Fiction Book Club alternate selection.

Twenty years ago, David Eddings doodled "a map of a place that never was" and began the creative process for the four best-selling fantasy series, the Belgariad, the Malloreon, the Elenium, and the Tamuli. He created a myriad of plots, stories, "magic thingamajigs," heroes, wizards, villains, and worlds that were used to midwife the birth of each novel. This book contains the original, structural outline of the stories, each of which is annotated, for all the fantasy series. Naturally, details vary from those of the published sagas, and still it is spellbinding--all of it: the various characters' own summaries of their worlds and problems, the maps, the other illustrations, the glossary, and the Eddings' frequent quips and comments. Dazzling fantasy that will captivate those uninitiated in any of the series and beguile old series hands with its storytelling.
