Hands That Heal By Echo Bodine

Psychic Echo Bodine is also a healer, and many members of her family are also healers. This book, first published in 1985 by ACS, was Echo's first book and is still her favorite. In her inimitable manner, Echo explains to readers what energy or spiritual healing is and how a session works, including how it feels to the healer and the person being healed. Echo's approach to healing could be seen as the traditional Christian "laying on of hands," though the healer sometimes uses their hands on the aura around a person and does not always touch them directly. Hands That Heal addresses concerns and questions that readers may have about healing. In fact, Echo describes such mundane aspects of the process as the room she uses, how people contact her, and how she uses music, incense, and color in her healing space. Details about releasing emotional blocks, avoiding dependency, the dangers of judging anyone's illness, and absentee healing are also provided. Case studies of clients, and line drawings depicting the set-up and positioning of hands, further illustrate how healing works in people's lives. She also provides exercises for the person wishing to test and develop their own healing hands.

Editorial Review

Users Review

From reader reviews:

Sheila Powell:

A lot of people always spent their free time to vacation or maybe go to the outside with them family members or their friend. Are you aware? Many a lot of people spent they free time just watching TV, or maybe playing video games all day long. In order to try to find a new activity this is look different you can read some sort of book. It is really fun for yourself. If you enjoy the book which you read you can spent 24 hours a day to reading a guide. The book Hands That Heal it doesn't matter what good to read. There are a lot of individuals who recommended this book. These folks were enjoying reading this book. If you did not have enough space to create this book you can buy typically the e-book. You can m0ore very easily to read this book from the smart phone. The price is not too expensive but this book features high quality.

Maritzza Berry:

Playing with family inside a park, coming to see the water world or hanging out with friends is thing that usually you may have done when you have spare time, and then why you don't try point that really opposite from that. 1 activity that make you not sense tired but still relaxing, trilling like on roller coaster you are ride on and with addition details. Even you love Hands That Heal, you can enjoy both. It is fine combination right, you still wish to miss it? What kind of hang-out type is it? Oh can happen its mind hangout people. What? Still don't understand it, oh come on its known as reading friends.

Betty Bass:

This Hands That Heal is brand-new way for you who has fascination to look for some information given it relief your hunger of knowledge. Getting deeper you on it getting knowledge more you know or else you who still having small amount of digest in reading this Hands That Heal can be the light food for you because the information inside this book is easy to get simply by anyone. These books develop itself in the form which can be reachable by anyone, that's why I mean in the e-book type. People who think that in publication form make them feel drowsy even dizzy this guide is the answer. So there is not any in reading a publication especially this one. You can find actually looking for. It should be here for a person. So , don't miss this! Just read this e-book type for your better life and also knowledge.

Russell Fielder:

As a pupil exactly feel bored to be able to reading. If their teacher expected them to go to the library as well as to make summary for some book, they are complained. Just little students that has reading's spirit or real their leisure activity. They just do what the teacher want, like asked to the library. They go to presently there

but nothing reading very seriously. Any students feel that examining is not important, boring along with can't see colorful photographs on there. Yeah, it is to get complicated. Book is very important for you personally. As we know that on this era, many ways to get whatever we really wish for. Likewise word says, ways to reach Chinese's country. So , this Hands That Heal can make you really feel more interested to read.
