## SAP Administration – Practical Guide: Step-by-step instructions for running SAP Basis By Sebastian Schreckenbach

This administrator's guide explains the tasks that you have to accomplish in order to **master the administration of SAP systems**. Click-by-click and with numerous screenshots, you will learn about all work processes that are relevant to everyday practice: routine and special tasks, administration with SAP Solution Manager, and the administration of operating systems, databases, and authorizations. The book is based on SAP NetWeaver AS ABAP 7.0/7.1 (SAP Basis), and is applicable to users of earlier and later releases.

- 1. Routine and Special Administration Tasks** Learn about every administration task, from daily jobs to system recovery steps that must be performed after a serious system failure.
- 2. Practical Knowledge** Benefit from descriptions that focus on real-life duties, with background information that will help you to better accomplish your tasks.
- 3. Detailed Click-by-Click Instructions** Explore detailed step-by-step instructions, illustrated by screenshots. This enables you to easily understand the processes and reproduce them in your system.
- 4. Checklists, Transactions, Forms, and More** Download all checklists—for critical tasks or for a security strategy—from the book. The appendices also contain helpful lists with transactions and tables, as well as predefined forms.

### Highlights:

- Security administration
- User administration
- Database administration
- Network administration
- Operating system administration
- Output management
- System maintenance

- Change and transport management
