## The Keeper Of The Isis Light By Monica Hughes

It was her tenth birthday on Isis. By Earth years, she would be sixteen. But Olwen Pendennis had never been to Earth. She had been born on Isis. And since her parents' death, she had lived there alone, manning the Isis Light -- a "lighthouse" in space designed to aid ships, and to bring settlers from Earth.

And now, on the day of her tenth year, the settlers are coming at last. Olwen is ready to welcome them, but are they ready for her? She was once human, like them. But the harsh climate of the alien planet has changed her, transformed her into something else -- something the settlers could never be prepared for...

## **Editorial Review**

### **Review**

Winner of the Phoenix Award, Children's Literature Association Recipient of a Certificate of Honour from the International Board of Books for Young People 'It has been a delight to rediscover this science fiction fantasy love story. Monica Hughes skilfully tackles issues of environment, human perception and failings and prejudice entwined in a captivating and heartwarming story.' -- Mary Hoffman, Armadillo, Autumn 2003. 'Skillfully crafted science fiction stands the test of time and Hughes' The Keeper of the Isis Light features universal, enduring themes and memorable characters. Highly Recommended.' -- CM: Canadian Review of Teacher's Materials Magazine 'The Keeper of the Isis Light is a moving and humane study of young love and prejudice. Hughes is not afraid to tackle tough moral and emotional subjects, yet she never forgets to tell an entertaining and well extrapolated science fictional story that can appeal to all readers. She recognizes the universality of human emotions and deals with them in a clear-hearted as well as clear-headed fashion. She deserves the accolades she has won elsewhere and should finally receive them in her home country.' -- Doug Barbour, Toronto Star 'It is worth reading this book even if just for the twist in the middle. I rate this book 9/10.' -- Matt Longmuir, age 13, Education Otherwise
