### True of Blood: Book 1 of The Witch Fairy Series By Bonnie Lamer

"I have a television so I know what a family is supposed to look like but mine is nothing like that. To begin with, both my parents are dead. Not the kind of dead where you bury them in the ground, say some nice words, cry a lot and then never see them again. Nope, when they died they refused to 'go into the light' or whatever it is you're supposed to do when you die. Instead, they came back home. As ghosts. Have you ever been sent to your room by a parent who has no corporeal form? I have and it sucks..."

Xandra Illuminata Smith has lived for the last three years with ghosts as parents but her life gets even stranger after her seventeenth birthday when she finds out that her mother is actually a Witch in hiding and her biological father, whom she knew nothing about, is a Fairy and King of the Fae realm.

Xandra is the first Witch Fairy to be born in thousands of years for very good reason. No one should be able to control that much magic and Xandra was never meant to be born at all but her mother has managed to keep her hidden away until now.

The Witches want her dead and the Fairies want her blood, for only her blood will reopen the gateway to the Fae realm and allow them back into this realm to take revenge on humans and Witches alike for having banished them hundreds of years ago.

Xandra has very little time to learn how to use her powerful Witch and Fairy magic that has been bound since her birth while running from the Fairies who managed to jump realms and want to take her blood to set the others free. She needs someone to teach her and her parents enlist the help of one powerful Fairy who claims to want to keep the realms closed to each other. He will help keep her safe and alive as she learns, at least that's what he says...

## **Editorial Review**

### About the Author

Loves: 1. People who read my books. 2. My children (Please don't tell my kids I listed fans before them. You may cause a riot in my home. They're pretty feisty little buggers.) 3. My cats and dogs when they're not making me snuffle, sneeze, rub my eyes or irritating my asthma. (Scratch that, they always do and I love them anyway. 4. Writing. (I would have listed this first, but it would have looked bad. Worse than putting fans before my kids.) 5. Good friends (Fortunately, I have several.) 6. Quiet evenings at home in front of the fireplace reading a good book. (Please, like that's going to happen with five kids in the house - but I can dream can't I?) 7. I got stuck here so I asked a couple of friends to tell me their fondest memory of me. This is what I got: Deb: It was when you used to babysit Michael and rode the horse in Meijer so he could ride with you. Also.....my first trip to TX for a wedding. You were at my house and said you would put my clothes in the dryer when they were done. Needless to say, the next morning I had to pack wet clothes in my suitcase. The airline lost my luggage for 4 days so when I finally got it back, my clothes were all mildewed. (Okay, in my defense - I was twelve at the time. The sad thing is, I still forget to put clothes in the dryer.) Michele: I have too many...but one of the first that popped in my head was how you drove all the way to Chicago to look at my apartment for me because I was too hung over, and then gave me all the details so I could pretend I was there. You are a good friend...(It was only a seven hour round trip. What are friends for?) Joe: A particular Domino's pizza delivery and you invited the delivery guy inside...(I'm going to stop there because my ex-husband thinks he's funny.) For obvious reasons, I didn't ask anyone else. Hates: 1. Puppies, kittens, babies, sunshine, peace on earth, goodwill, recycling, education, gifts, and sweets of any kind. (Really, I do.) 2. Being facetious. (I would never dream of it!) 3. People who don't read my books. (Well, maybe not all of them. But, most of them.) 4. People who always manage to stop by the house when I look terrible. (You know who you are...) 5. Lumberjacks. (Don't know why, just do.) Now that you know everything about me, you should drop by my Facebook page at <http://www.facebook.com/pages/Bonnie-Lamer-Author/129829463748061> to tell me all about you.

## **Users Review**

### **From reader reviews:**

#### **Lana Spalding:**

Nowadays reading books be a little more than want or need but also turn into a life style. This reading habit give you lot of advantages. Advantages you got of course the knowledge your information inside the book this improve your knowledge and information. The info you get based on what kind of e-book you read, if you want drive more knowledge just go with schooling books but if you want really feel happy read one together with theme for entertaining like comic or novel. Typically the True of Blood: Book 1 of The Witch Fairy Series is kind of reserve which is giving the reader capricious experience.

#### **Richard Hunt:**

This book exist new expertise the information that exist in this publication represented the condition of the world now. That is important to yo7u to understand how the improvement of the world. This particular book will bring you throughout new era of the

syndication. You can read the e-book with your smart phone, so you can read the item anywhere you want.

**Cheryl Saldana:**

The reason? Because this True of Blood: Book 1 of The Witch Fairy Series is an unordinary book that the inside of the reserve waiting for you to snap this but latter it will jolt you with the secret the idea inside. Reading this book beside it was fantastic author who all write the book in such remarkable way makes the content within easier to understand, entertaining method but still convey the meaning completely. So , it is good for you for not hesitating having this any longer or you going to regret it. This excellent book will give you a lot of rewards than the other book possess such as help improving your skill and your critical thinking method. So , still want to delay having that book? If I were you I will go to the book store hurriedly.

**Ronald Kleiman:**

As a student exactly feel bored for you to reading. If their teacher questioned them to go to the library or make summary for some publication, they are complained. Just little students that has reading's internal or real their interest. They just do what the instructor want, like asked to the library. They go to there but nothing reading really. Any students feel that reading through is not important, boring in addition to can't see colorful photos on there. Yeah, it is to become complicated. Book is very important for you. As we know that on this period, many ways to get whatever you want. Likewise word says, many ways to reach Chinese's country. Therefore this True of Blood: Book 1 of The Witch Fairy Series can make you feel more interested to read.
