Exchange Server 2010 Administration: Real World Skills for MCITP Certification and Beyond (Exams 70-662 and 70-663) By Joel Stidley, Erik Gustafson

A soup-to-nuts guide for messaging administrators

Exchange Server is the world's leading e-mail server software. Windows 7 and Server 2008 R2 have made changes that messaging administrators need to know and understand in their daily work with Exchange Server. This Sybex guide focuses on the skills, concepts, technologies, and potential pitfalls that admins in the trenches need to understand. It also provides the information they need to earn MCITP certification.

- Updates in Exchange Server, the world's leading e-mail server software, require messaging administrators to update their knowledge in order to provide the best possible e-mail solutions
- Highly focused and comprehensive, this guide teaches you to design a highly available e-mail messaging server, install and configure Exchange Server 2010, work with recipients, groups and mailboxes, configure public folders, secure Exchange, and more
- CD includesvideo walkthroughs of more difficult tasks, practice exams, and electronic flashcards.

Exchange Server 2010 Administration offers real-world knowledge that messaging admins need every day and helps prepare candidates for the MCITP certification exam.

CD-ROM/DVD and other supplementary materials are not included as part of the e-book file, but are available for download after purchase.

Users Review

From reader reviews:

Elaine Kistler:

As people who live in the modest era should be up-date about what going on or details even knowledge to make these people keep up with the era which can be always change and advance. Some of you maybe will certainly update themselves by studying books. It is a good choice for you personally but the problems coming to anyone is you don't know what one you should start with. This Exchange Server 2010 Administration: Real World Skills for MCITP Certification and Beyond (Exams 70-662 and 70-663) is our recommendation to cause you to keep up with the world. Why, since this book serves what you want and wish in this era.

Leonard Dail:

Reading a guide tends to be new life style with this era globalization. With examining you can get a lot of information which will give you benefit in your life. Together with book everyone in this world can easily share their idea. Ebooks can also inspire a lot of people. Many author can inspire their very own reader with their story or their experience. Not only the storyline that share in the publications. But also they write about advantage about something that you need example. How to get the good score toefl, or how to teach children, there are many kinds of book that you can get now. The authors these days always try to improve their skill in writing, they also doing some study before they write with their book. One of them is this Exchange Server 2010 Administration: Real World Skills for MCITP Certification and Beyond (Exams 70-662 and 70-663).

Otis Kozlowski:

In this era which is the greater person or who has ability to do something more are more important than other. Do you want to become one among it? It is just simple approach to have that. What you have to do is just spending your time very little but quite enough to get a look at some books. One of many books in the top record in your reading list is definitely Exchange Server 2010 Administration: Real World Skills for MCITP Certification and Beyond (Exams 70-662 and 70-663). This book which can be qualified as The Hungry Mountains can get you closer in becoming precious person. By looking right up and review this guide you can get many advantages.

Kimberly Smith:

A lot of guide has printed but it differs. You can get it by world wide web on social media. You can choose the best book for you, science, comedy, novel, or whatever by means of searching from it. It is named of book Exchange Server 2010 Administration: Real World Skills for MCITP Certification and Beyond (Exams 70-662 and 70-663). You can contribute your knowledge by it. Without leaving the printed book, it could add your knowledge and make a person happier to read. It is most critical that, you must aware about guide.

It can bring you from one destination to other place.
