**ICAF 2009, Bridging the Gap between Theory and Operational Practice: Proceedings of the 25th Symposium of the International Committee on Aeronautical ... Rotterdam, The Netherlands, 27-29 May 2009** From Springer

The 31<sup>st</sup> Conference and the 25<sup>th</sup> Symposium of the International Committee on Aeronautical Fatigue will be hosted in Rotterdam, The Netherlands, by the National Aerospace Laboratory NLR, under the auspices of the Netherlands Association of Aeronautical Engineers NVvL, the Technical University of Delft and Stork Fokker AESP B.V.

These Proceedings will consist of reviews of aeronautical fatigue activities presented by the national delegates of the 14 member nations of ICAF. It will also contain specialist papers presented by international authors with design, manufacturing, airworthiness regulations, operations and research backgrounds. The papers will be based on the theme “Bridging the gap between theory and operational practice”.

## **Editorial Review**

From the Back Cover

This book contains the proceedings of the 25<sup>th</sup> symposium of the International Committee on Aeronautical Fatigue that was held from 27-29 May 2009 in Rotterdam, the Netherlands. It contains 77 selected papers on a broad range of structural fatigue related topics. They all reflect in some way or another the ICAF 2009 symposium's theme "Bridging the gap between theory and operational practice", with particular emphasis on:

- Airworthiness considerations
- Advanced materials and innovative structural concepts
- Full-scale fatigue testing of aircraft and aircraft structural components
- Life extension and management of ageing fleets
- Structural health and structural loads monitoring
- NDI, inspections and maintenance
- Fatigue crack growth and life prediction methods
- Fatigue life enhancement methods and repair solutions
- Environmental effects
- Probabilistic modelling and risk analysis

The book is an excellent read for anyone with an interest in aeronautical fatigue and aircraft structural integrity, from both a scientific and a practical point of view.

## **Users Review**

**From reader reviews:**

**Linda Young:**

As people who live in typically the modest era should be up-date about what going on or info even knowledge to make these individuals keep up with the era and that is always change and make progress. Some of you maybe will update themselves by examining books. It is a good choice in your case but the problems coming to an individual is you don't know which you should start with. This ICAF 2009, Bridging the Gap between Theory and Operational Practice: Proceedings of the 25th Symposium of the International Committee on Aeronautical ... Rotterdam, The Netherlands, 27-29 May 2009 is our recommendation so you keep up with the world. Why, as this book serves what you want and want in this era.

**Erik Hilyard:**

Reading a book to be new life style in this 12 months; every people loves to learn a book. When you read a book you can get a wide range of benefit. When you read textbooks, you can improve your knowledge, since

book has a lot of information into it. The information that you will get depend on what forms of book that you have read. In order to get information about your review, you can read education books, but if you act like you want to entertain yourself look for a fiction books, these us novel, comics, as well as soon. The ICAF 2009, Bridging the Gap between Theory and Operational Practice: Proceedings of the 25th Symposium of the International Committee on Aeronautical ... Rotterdam, The Netherlands, 27-29 May 2009 will give you a new experience in reading a book.

**Teresa Spillman:**

In this period globalization it is important to someone to obtain information. The information will make professionals understand the condition of the world. The fitness of the world makes the information simpler to share. You can find a lot of referrals to get information example: internet, newspaper, book, and soon. You can observe that now, a lot of publisher in which print many kinds of book. Often the book that recommended to you personally is ICAF 2009, Bridging the Gap between Theory and Operational Practice: Proceedings of the 25th Symposium of the International Committee on Aeronautical ... Rotterdam, The Netherlands, 27-29 May 2009 this reserve consist a lot of the information with the condition of this world now. This kind of book was represented just how can the world has grown up. The words styles that writer require to explain it is easy to understand. Often the writer made some research when he makes this book. Here is why this book appropriate all of you.

**Mary Curtis:**

As a college student exactly feel bored to help reading. If their teacher asked them to go to the library as well as to make summary for some publication, they are complained. Just tiny students that has reading's heart and soul or real their interest. They just do what the teacher want, like asked to go to the library. They go to presently there but nothing reading critically. Any students feel that reading is not important, boring along with can't see colorful pics on there. Yeah, it is to get complicated. Book is very important for you personally. As we know that on this time, many ways to get whatever we wish. Likewise word says, ways to reach Chinese's country. So , this ICAF 2009, Bridging the Gap between Theory and Operational Practice: Proceedings of the 25th Symposium of the International Committee on Aeronautical ... Rotterdam, The Netherlands, 27-29 May 2009 can make you truly feel more interested to read.
