**America: Imagine a World without Her** By Dinesh D'Souza

### #1 New York Times Bestseller

Is America a source of pride, as Americans have long held, or shame, as Progressives allege? Beneath an innocent exterior, are our lives complicit in a national project of theft, expropriation, oppression, and murder, or is America still the hope of the world?

Dinesh D'Souza says these questions are no mere academic exercise. It is the Progressive view that is taught in our schools, that is preached by Hollywood, and that shapes the policies of the Obama administration. If America is a force for inequality and injustice in the world, its power deserves to be diminished; if traditional America is based on oppression and theft, then traditional America must be reformed—and the federal government can do the reforming.

In *America: Imagine a World without Her* D'Souza offers a passionate and sharply reasoned defense of America, knocking down every important accusation made by Progressives against our country.

Provocative in its analysis, stunning in its conclusions, Dinesh D'Souza's *America* will be the most talked about book of the year.

## **Editorial Review**

From the Inside Flap

### **Conceived in liberty... ...or in oppression?**

Is America a source of pride, as Americans have long held, or shame, as Progressives allege? Beneath an innocent exterior, are our lives complicit in a national project of theft, expropriation, oppression, and murder, or is America still the hope of the world?

*New York Times* bestselling author Dinesh D'Souza says these questions are no mere academic exercise. It is the Progressive view that is taught in our schools, that is preached by Hollywood, and that shapes the policies of the Obama administration. If America is a force for inequality and injustice in the world, its power deserves to be diminished; if traditional America is based on oppression and theft, then traditional America must be reformed—and the federal government can do the reforming.

D'Souza, an Indian immigrant to this country, and proud American citizen, fears for America's future. He loves this country and fears that unless the Progressives' anti-American arguments are met forcibly and on their own terms, America will cease to be the beacon of freedom and hope that it always has been.

In *America: Imagine a World without Her* D'Souza offers a passionate and sharply reasoned defense of America, knocking down every important accusation made by Progressives against our country. In this book, you'll learn:

- Why it is a pernicious myth that English colonists "stole" America from the Indians or that American settlers and soldiers "stole" the southwest from Mexico
- Why the descendants of slaves—and the successive waves of immigrants to the United States—are better off here than in their old countries
- How America, more than any other country, is based on rewarding the enterprise and hard-work of the common man
- How traditional American virtues sustain prosperity and freedom, and Progressive arguments about "liberation" and "justice" undercut them
- How Progressive demagoguery about "inequality" expands the power of government and its grasp on the taxpayer's wallet
- Why we should fear the Progressive agenda of "reform" which is in fact an agenda of totalitarian control of the state over the individual
- Why national decline is a choice--a choice that it is still not too late to reverse

Provocative in its analysis, stunning in its conclusions, Dinesh D'Souza's *America* will be the most talked about book of the year.

## **About the Author**

Dinesh D'Souza is the former president of The King's College in New York City and author of the *New York Times* bestsellers *Obama's America* and *The Roots of Obama's Rage*. He is also a former White House

domestic policy analyst and research scholar at the American Enterprise Institute and the Hoover Institution at Stanford University. His other best-selling books include *What's So Great About Christianity*, *What's So Great About America*, and *Life After Death*.
