### **Editorial Review**

#### **Review**

""Crossing the Stage is packed with valuable information. . . . It underscores, once again, that the time has come for transgendered people to dig up and interpret our own history and for all of us to crystallize a sex and gender theory that unites--not divides.."

-"Lambda Book Report

"Although "Crossing the Stage was intended for academics, it's conceivable that research oriented directors, critics and actors might turn to the slim volume...the fact that a theatrical phenomenon would attract both scholars and pop culture audiences justifies the need for the anthology."

-"The Commercial Appeal, April 1994

"Ferrers anthology provides an exciting resource book for those wishing to study the phenomenon of cross-dressing, both as a whole and more intimately in a specific instance. The quality of the articles and the scope of the work only add to the book's already considerable topical appeal."

-"Theatre History Studies
