The Walking Dead: Something To Fear, Vol. 17 By Robert Kirkman

- The world we knew is gone. The world of commerce and frivolous necessity has been replaced by a world of survival and responsibility. An epidemic of apocalyptic proportions has swept the globe, causing the dead to rise and feed on the living. In a matter of months society has crumbled: no government, no grocery stores, no mail delivery, no cable TV. In a world ruled by the dead, the survivors are forced to finally start living.
- In this volume of the NYT bestselling survival horror, Rick and his band of survivors work to build a larger network of thriving communities, and soon discover that Negan's "Saviors" prove to be a larger threat than they could have fathomed. Crossing Negan will lead to serious, dire consequences for the group; it seems that for the first time since the Governor's reign of terror that Rick may have **Something to Fear**.
