Understanding Gender and Organizations By Mats Alvesson, Yvonne Due Billing

In the decade since the *First Edition* of this critical and provocative text, many aspects of gender have changed, and many have stayed the same. While the gendered study of organizations is a growing field in its own right, in many real-life organizations gaps in gendered job roles and pay are as entrenched as they were. This new edition is a long-awaited update to an essential text in this dynamic and expanding field of inquiry, incorporating new, international perspectives that incorporate recent theory and debate, and a new chapter on gender and identity.
